***Thank you for your participation in our 2015 – 2016
STA School Gift Card Program!***

UPDATE

ST. THOMAS AQUINAS SCHOOL GIFT CARD PROGRAM 2015-2016

Welcome back to our program and **A WARM WELCOME TO ALL NEW STA FAMILIES.** We are looking forward to bringing in new members, so please read this notice to learn how our **STA GIFT CARD PROGRAM** works. Thank you!

Everyone buys groceries; please buy them through out school! We sell **HANNAFORD GIFT CARDS** that work like **CASH**. You can purchase them on a weekly basis like **MOST** of our parents do, or on a monthly basis, so you always have them on hand to shop at your convenience. **HANNAFORD GIFT CARDS** also make great gifts for companies to give their employees at Thanksgiving, Christmas, and Easter. **HANNAFORD GIFT CARDS** are always welcome at food pantries year round and are very much appreciated. **HANNAFORD CARDS** are available in \$25 denominations to fit your grocery shopping needs. An order form (there's one on the back of this update) is sent home every week with the Thursday Notice. Fill it out for the amount of cash cards you want, write a check payable to *STA School* for the amount of your purchase and send the order and check back to school(with your child) on the following Monday. Your child will bring your Hannaford Cards home on that **Tuesday! Simple!** Our current participants find the program very convenient. This program benefits both **YOU** and our school. How??

Our profit is 5% of every gift card purchased. **You receive *half* (2½%) of our profit back in the form of a tuition voucher.** You can use your voucher towards monthly tuition payments through FACTS, before/aftercare charges, the fundraiser buyout, or any other fees incurred throughout the school year (with the exception of the lunch program). Simply send in the voucher ATTN: LYNN KISH with a note stating how you wish to use it. On average, our participants are saving between \$15 and \$25 each month off their tuition bills. As you can see, this program helps the shopper and the school! Join us and give it a try, that's all we ask. We'll answer all your questions and/or supply you with additional information. Please call the school office at 432-2712. **Thank you and welcome aboard!**
