

Dear Parents,

Our school is expecting to attend Nature's Classroom. Nature's Classroom is a residential education program which is dedicated to motivational learning. Nature's Classroom stimulates children toward learning more about various academic subjects by exploring and doing exciting activities. Through living and learning together, Nature's Classroom develops community awareness.

You are encouraged to attend a slide presentation at our school on the date listed below. A representative/director of Nature's Classroom will be on hand to present the slides and answer questions about the program. This is a parent only presentation, so I am asking that the students not attend. The students, during class, will also see a slide show and get any questions they may have answered.

Also, a packet was handed at Open House, or sent home with your child, with pertinent information and forms that will need to be filled out and returned for the Nature's Classroom staff. If you have any questions, feel free to contact either Mrs. Gauthier or Mrs. Fallavollita.

**Date and time of presentation: Tuesday, October 4 @ 7:00pm**

**Dates of the trip: November 7 – November 11**

**Time of Departure: Must be at school by 8:30 as bus will leave at 9:00am**

**Time of Return: 2pm on November 11**

**Location of trip: Ocean Park, Maine**
